

Congratulations to Robyn Preston, successful preselection candidate for Hawkesbury

Description

For the last two months the Liberal Party has been engaged in the process of choosing its candidate for our state seat in Hawkesbury.

I put my hand up. Our media policy restricted me from confirming little more than the existence of my nomination, and I have abided by that rule.

Today, the preselection was held and the [successful candidate was Clr. Robyn Preston, from Hills Shire Council.](#)

I have worked with Robyn for many years, starting with a time together in the office of Kevin Conolly, the member for Riverstone.

I congratulate Robyn on her successful nomination, and we will work hard to ensure her election and the re-election of the state Liberal government.

What I had to say to our local party members during the preselection campaign helped me reflect on and articulate a lot of what I believe in as an elected representative on Council.

If you wonder what makes me tick, and what makes me so desirous of being a good local Councillor, then this material may be of interest.

I wish Robyn well. She'll do a great job.

And here are three of the short videos I produced which spoke to what I believe.
